INTRODUCTION

Rubik's cube was invented by an Hungarian Architect Mr. Erno Rubik in the year 1974 and it was released as a toy in the year 1980. It was a fascinating toy in the early 80's and almost occupied the show case of every house in the world.

Now it is becoming a very popular sport almost in every continent of the world. So far, 4 world cups had been conducted in the year 1982(Hungary), 2003(Canada), 2005(USA) and 2007(Hungary). Moreover, 26 National/Open championships were held in the year 2005, 33 National/Open championships in the year 2006 and 53 National/Open championships in the year 2007. The number of championships expected to be held in the year 2008 will be more than the previous years.

Moreover, it improves ones' observation, imagination, concentration and decision making abilities and of course gives lots of self confidence and satisfaction.
