### COURSE DESIGNER

**JOHN LOUIS**  
**GRAND MASTER OF MEMORY**  
**INTERNATIONAL MEMORY TRAINER**  
**TEACHER**

John Louis is a GRAND MASTER of MEMORY and the first Indian to achieve the title and has several Indian National records on memory. He is also a professional International Memory Trainer and an expert in speed arithmetic calculations and has 17 years of experience in teaching those techniques to students, parents and teachers in India. He has also conducted many SPEED MATHAMETICS program in India and Saudi Arabia. He has also started conducting it in Singapore.

He has appeared in SUN TV which telecast in 130 countries and ZEE TV which is one of another top TV channels in India to exhibit his memory skills which can be imparted to anyone by training..

## **BENEFITS & TESTIMONIALS**

Many students claim that it is different from their school system and dismiss this system as unnecessary saying they have calculators to do the calculations for them. But, our brain is as fast as a calculator and even it can beat the calculator. Remember, calculators and computers can do the work for you, but never forget they can not think for you. Hence use them only as aids for your work and not as a substitute for your thinking. As doing calculations mentally is a great exercise for the brain, it helps you to be mentally fit and you will become more creative and that will always put you at least a step ahead of your classmates or fellow competitors.

## **SALIENT FEATURES**

- It is fun
- It helps students to solve arithmetic problems 10 to 15 times faster
- It helps intelligent guessing
- It develops concentration
- It is a magical tool to develop thinking
- It is a great exercise for brain muscles
- It helps to ace the entrance examinations like CAT, GRE etc

## **COURSE CONTENT**

- Addition of single digits
- Addition of double digits
- Addition of triple digits
- Subtraction of single digits
- Subtraction of double digits
- Subtraction of triple digits
- Subtraction from 100/1000/1000
- Verification of the product of two numbers
- Verification of the division of two numbers
- Verification of the sum of two numbers
- Verification of the difference of two numbers
- Verification of the square of a number
- Verification of the cube of a number
- Mastering multiplication tables up to 9
- Multiplication of 2\*2 digits up to 8\*8 digits
- Square and square root
- Cube and Cube root
- Fifth root
- Division with a 2 digit divisor
- Division with a 3 digit divisor
- Division with a four digit divisor
- Algebraic multiplication
- Algebraic division
- Solving linear equations
- Solving magic squares 3\*3 to 8\*8 matrices
- Human calendar
- Operations with 11

- Multiplication by 12
- Multiplication with a series of 9's
- Auxiliary fractions
- Addition of fractions
- Subtraction of fractions
- Multiplication of fractions
- Division of fractions
- Percentage
- Etc

## CUSTOMIZED PACKGAE

Ben Academy also provides customized packages of SPEED MATHAMETICS to suit different age, different class of students according to varied syllabus in their school system
